Photo Contests

Photo contests are a fun and exciting way to share your photos with others. There are a lot of reasons for entering a photo contest. First and foremost, if you are lucky enough to be chosen a winner, you can earn a substantial amount of money. But more importantly, you will gain a lot of recognition from some very important sources.

A lot of companies and individuals are constantly scouting contests for suitable subjects for use in advertising or other purposes. This is your chance to gain national exposure.

Most contests are held monthly and require at least 5 photo submissions each time, so it is important to have a lot of photos to choose from. This is easy because by using a digital photo format, it is practical to take as many photos as possible to achieve positive results. Basically, the more photos, the better!

Are you an aspiring model or a new model wanting to get a foot in the door? Well, Jim's Photos may be able to help. With access to photo contests and web sites, copies of each photo can be sent to interested parties all over the world! The opportunities are countless.

We are always looking for new models, especially ages 18 and up, to model for print advertisements or on the web. Even though all models are volunteers, you could receive compensation for your participation as a simple thanks.

The process is very easy! Jim's Photos will take the photos and submit them to the various contest entities. The contest holders will judge the photos based on quality, content and creativity. Any prize monies will be shared equally by the subject and Jim's Photos. Get ready for a lot of fun and excitement. Have your photos taken today!
